

The National Cancer Institute's Office of Liaison Activities is pleased to offer a teleconference series on crosscutting issues in cancer research. Members of cancer advocacy organizations, survivors, family, and friends are encouraged to participate in each call to learn more about NCI's important cancer research programs and how advocates are involved. Callers will have the opportunity to ask questions of panel members.

Why Advocates Should Care About Animal Models in Cancer Research: Mouse Models of Human Cancers Consortium (MMHCC)

Dr. Cheryl Marks
Director, NCI's MMHCC Program

Ms. Paula Kim
MMHCC Advocate

Ms. Kathy Walters, JD
MMHCC Advocate
